Report of Independent Auditor

Board of Commissioners Tice Fire Protection and Rescue Service District Fort Myers, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities of the Tice Fire Protection and Rescue Service District (the "District"), as of and for the fiscal year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Auditor's Responsibility (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of the District as of September 30, 2020, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters - Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

Other Reporting Required by Government Auditing Standards

Ashley, Brown & Smith, CPAs

In accordance with Government Auditing Standards, we have also issued our report dated June 23, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, included under the heading INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

Our discussion and analysis of the Tice Fire Protection & Rescue Service District's financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2020.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the fiscal year by \$2,540,767 (net position).
- As of the close of the current fiscal year, the District reported ending fund balance of \$1,446,540, an increase of \$171,775. Ending fund balance in comprised of \$267,352 that is restricted for capital additions and \$1,179,188 is available for spending at the District's discretion.
- The District's long-term debt is comprised of compensated absences of \$226,049, capital lease of \$482,089, other post-employment benefits of \$880,450, and net pension liability of \$6,310,769 totaling \$7,899,357.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's financial statements. This report also includes other supplementary information in addition to the financial statements themselves.

The Statement of Net Position (page 8) and The Statement of Activities (page 9) provide information about the activities of the District and present a longer-term view of the District's finances. The statements are measured and reported using the economic resource measurement focus and the full accrual basis of accounting.

The governmental financial statements begin on page 10. The governmental funds measure and report activities using the current financial resources measurement focus and the modified accrual basis of accounting. Therefore, you will find the reconciliation on pages 11 & 13 that convert this data to an economic resources measurement focus and the accrual basis of accounting for use in the financial

The Statement of Net Position and the Statement of Activities

Government-wide financial statements are intended to allow the reader to assess a government's operational accountability. Operational accountability is defined as the extent to which the government has met its operating objectives efficiently and effectively, using all resources available for that purpose, and whether it can continue to meet its objectives for the foreseeable future. For purposes of these statements, only governmental type activities are measured and reported using the economic resource measurement focus and the accrual basis of accounting.

The statement of net position presents information on all of the District's assets. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain financial control over resources that have been segregated for specific activities or objectives.

The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found beginning on page 14.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

A significant portion of the District's assets (48%) reflects its investment in capital assets (e.g., land, buildings and improvements, equipment and furniture, and vehicles). The District uses these capital assets to provide services to the citizens and property owners, consequently, these assets are not available for future spending. The District's investment in its capital assets is reported net of related debt.

The unrestricted category of net position, has a deficit of \$4,713,757 at year end as a result of the increase in the net pension liability.

Property taxes revenue continue as our primary sources of revenue. In the current fiscal year, the ad-valorem tax revenue slightly increased. Historically, property taxes have increased annually due to an increase in property values and new construction throughout the District. Public safety expenses increased in the current year due to a \$131,080 increase in pension expense, \$118,286 increase in OPEB expense, and \$70,390 increase in compensated absenses expense.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's capital assets as of September 30, 2020 reflect an investment of \$2,432,050 net of accumulated depreciation.

The following table provides a summary of net capital assets.

Depreciation expense for the years ended September 30, 2020 and 2019 was \$348,286 and \$344,514, respectively.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Local indicators point to a gradual increase in real property values within the District.

The District relies on property taxes for the largest portion of its budget. Taxable property value within the District increased in 2020-21.

When these factors were considered in preparing the District's budget for the 2020-2021 fiscal year, the District adopted the millage rate of 3.55 mills per thousand, which is a decrease of 0.05 mills per thousand from fiscal year 2019-2020.

REQUEST FOR INFORMATION

The District's financial statements are designed to present users (citizens, customers, investors and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. NOTES TO BASIC FINANCIAL STATEMENTS

Fiscal Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Defining the Governmental Reporting Entity: The Tice Fire Protection and Rescue Service District (the "District") is a local governmental unit created by the State of Florida Legislature under Chapter 76-413, Laws of Florida, to provide fire protection and rescue services to a certain prescribed area in Fort Myers, Florida. The District is funded primarily by property taxes and is operated by a five-person Board of Commissioners (the "Commissioners"), who are elected for terms of four years.

The District has adopted Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis – for State and Local Governments. Statement 34 establishes standards for external financial reporting for all state and local governmental entities. This statement requires the financial statements of the District (the primary government) to include its component units, if any. A component unit is a legally separate organization for which the elected officials of the primary government are financially accountable. Based on the criteria established in GASB 14, there are no component units included in the District's financial statements.

Fund Accounting: The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to, and accounted for in individual funds, based upon the purposes for which they are spent and the means by which spending activities are controlled. The following funds are used by the District:

General Fund - The General Fund is the general operating fund of the District. All financial resources which are not specifically restricted or designated as to use are recorded in the General Fund. At present, the District utilizes only one fund.

Impact Fee Fund (non-major) - The special revenue fund is used to account for impact fees that are legally restricted to expenditure for a particular purpose.

Major Funds - The District reports the general fund as a major fund.

Basic Financial Statements: The basic financial statements include a Statement of Net Position, Statement of Activities, Balance Sheet, and a Statement of Revenues, Expenditures and Changes in Fund Balance. The Statement of Net Position is presented as assets less liabilities equal net position and shown with two components: amounts invested in capital assets, net of related debt; and unrestricted net position. The Statement of Activities reports functional categories of programs by the District and demonstrates how and to what degree those programs are supported by specific revenue.

NOTES TO BASIC FINANCIAL STATEMENTS

Fiscal Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Basis of Accounting: Basis of accounting refers to when revenue and expenditures are recognized in the accounts and reported in the basic financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The District complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements.

Capital Assets: Capital assets include land, buildings and improvements, equipment and furniture and vehicles. Capital assets are reported in the basic financial statements in the statement of net position. The District follows a capitalization policy which calls for capitalization of all fixed assets that have a cost or contributed value of \$1,000 or more and have a useful life in excess of one year. Capital assets are recorded at cost, or estimated historical cost. Contributed capital assets are valued at the estimated fair market value of the asset on the date of donation. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. The ranges of the useful lives are as follows:

Assets	Years
Buildings & Improvements	10 - 40
Equipment and Furniture	10
Vehicles	5 - 7

Depreciation on fixed assets acquired through contributions is recorded as an expense and transferred from net position as a reduction of contributed capital. The cost of assets retired or sold, together with the related accumulated depreciation, is removed from the accounts and any gain or loss on disposition is credited or charged to earnings.

Encumbrances: Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District because it is, at present, not necessary to assure effective budgetary control or to facilitate effective cash planning and control.

NOTES TO BASIC FINANCIAL STATEMENTS

Fiscal Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting: The following procedures are used by the District in establishing the budgetary data reflected in the basic financial statements:

- 1. During the summer, the Director submits to the Board of Commissioners, for their consideration, a proposed operating budget for the fiscal year commencing on October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. Prior to October 1, the budget is adopted through a resolution by the Board of Commissioners.
- 4. Budget transfers and amendments are made throughout the year by approval of the Board of Commissioners.
- 5. Budget amounts, as shown in the Required Supplementary Information are as originally adopted, and as amended by the Board of Commissioners.
- 6. The budget for the Governmental Fund Type is adopted on a cash basis which is inconsistent with accounting principles generally accepted in the United States.
- 7. The level of control for appropriations is exercised at the activity level.

Impact Fees: The District receives impact fees in accordance with an interlocal agreement with Lee County, Florida. Impact fees collected by Lee County are remitted on a quarterly basis to the District. The District, with prior Lee County approval, may expend amounts collected on qualifying capital expenditures. Funds received that are not expended within six years must be refunded. Because of the eligibility requirements imposed in the agreement, (1) prior approval before expenditure and (2) refund if not expended, the District records receipts of funds as restricted cash.

Deferred Outflows/Inflows of Resources: Deferred outflows of resources represent a consumption of net position that applies to a future period and therefore will not be recognized as expended until then. The District presents deferred outflows associated with pensions to be expensed over future periods. Deferred inflows of resources is defined as an acquisition of position by the government that is applicable to a future reporting period. The District presents deferred inflows of resources related to pensions.

Fiscal Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance: The District follows the provisions of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Accordingly, in the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported in five components: nonspendable, restricted, committed, assigned and unassigned.

Non-Spendable Fund Balance - Amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items not expected to be converted to and items such as long-term amount of loans and notes receivable, as well as property acquired for resale. The corpus (or principal) of a permanent fund is an example of an amount that is legally or contractually required to be maintained intact.

Restricted Fund Balance - Amounts that can be spent only for specific purposes stipulated by (a) external resource providers such as creditors (by debt covenants), grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

Unrestricted Fund Balance - The total of the committed fund balance, assigned fund balance, and unassigned balance.

Committed Fund Balance - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the District's Board of Commissioners, the District's highest level of decision making authority. Commitments may be changed or lifted only by the Board of Commissioners taking the same formal action (resolution) that imposed the constraint originally.

Assigned Fund Balance - Includes spendable fund balance amounts established by the administration of the District that are intended to be used for specific purposes that are neither considered restricted or committed.

Unassigned Fund Balance - Unassigned fund balance is the residual classification for the general fund. This classification represents fund balance that has not been restricted, committed, or assigned to specific purposes within the general fund. Unassigned fund balance may also include negative balances for the general fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The District's policy is to apply expenditures against restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance in that order under circumstances where a particular expenditure can be made from more than one fund classification.

Fiscal Year Ended September 30, 2020

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Minimum Fund Balance Policy: Compliance with the provisions of this policy shall be reviewed as a part of the annual budget adoption process and the amounts of the individual funds including any minimum balance shall be determined during this process.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenue and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on hand and cash on deposit with financial institutions. At September 30, 2020, the carrying amount of the District's deposits were \$1,537,176, the bank balance was \$1,578,527 and petty cash on hand was \$100. These deposits were entirely covered by Federal Depository Insurance or by collateral pursuant to the Florida Security for Public Deposits Act (Florida Statutes Chapter 280). Florida Statutes authorize investments in certificates of deposit, savings accounts, repurchase agreements, the Local Government Surplus Funds Trust Fund administered by the Florida State Board of Administration, obligations of the U.S. Government and government agencies unconditionally guaranteed by the U.S. Government.

NOTE 3. PROPERTY TAXES

Property taxes are levied on November 1 of each year, and are due and payable upon receipt of the notice of levy. The Lee County, Florida, Tax Collector's office bills and collects property taxes on behalf of the District. The tax rate levied upon the taxable property in the District for the fiscal year ended September 30, 2020 was 3.65 per \$1,000 of assessed taxable property value. Property tax revenue is recognized currently in the fiscal year for which the taxes are levied. On April 1 of each year, unpaid taxes become a lien on the property. The past due certificates are sold at public auction prior to June 1, and the proceeds thus collected are remitted to the District.

NOTE 6. LINE OF CREDIT

On December 2, 2013, the District opened a \$250,000 line of credit at a financial institution. In accordance with the terms of the agreement, the District pledges and grants to the Lender a first priority security interest in all inventory, equipment, fixtures, goods, accounts, chattel paper, contract rights, documents, instruments, general intangibles, investment property, deposit accounts, letter of credit rights, payment intangibles, supporting obligations, software, and all rents, issues, profits, products, and proceeds thereof, wherever any of the foregoing is located. The initial variable interest rate on the line of credit was 2.66% per annum. During the year the District did not utilize the line of credit.

NOTE 7. OTHER POST-EMPLOYMENT BENEFITS

Plan Description:

The District's Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the District. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under the Florida Retirement System to continue medical insurance coverage as a participant in the District's plan. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust.

Employees Covered by Benefit Terms:

At September 30, 2019, the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently Receiving Benefits	4
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	0
Active Plan Members	25
	29

Benefits Provided:

The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All employees of the District are eligible to receive postemployement health care benefits. All retiree and dependent coverage is at the expense of the retiree.

Total OPEB Liability

The measurement date is September 30, 2019.

The measurement period for the OPEB expense was October 1, 2018 to September 30, 2019.

The reporting period is October 1, 2019 through September 30, 2020.

The District's Total OPEB Liabilty was measured as of September 30, 2019.

NOTES TO BASIC FINANCIAL STATEMENTS

Fiscal Year Ended September 30, 2020

NOTE 7. OTHER POST-EMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions:

The Total OPEB Liability was determined by an actuarial valuation as of September 30, 2019 using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	2.50%
Discount Rate	3.58%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Years to Ultimate	55

For all lives, mortality rates were PubG-2010 Mortality Tables projected to the valuation date using Projection Scale MP-2019.

Discount Rate:

Given the District's decision not to fund the program, all future payments were discounted using a high-quality municipal bond rate of 3.58%. The high-quality municipal bond rate was based on the measurement date of the S&P Municipal Bond 20 Year high Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at lease AA by Standard & Poor's Corp and Poor's Rating Services, As2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

OPEB Expense:

For the year ended September 30, 2020, the District will recognize OPEB Expense of \$111,509.

NOTE 8. STATE OF FLORIDA RETIREMENT PLANS

Defined Benefit Plans

The District participates in two defined benefit pension plans that are administered by the State of Florida, Department of Management Services, Division of Retirement. The plans provide retirement, disability or death benefits to retirees or their designated beneficiaries. Chapter 121, Florida Statutes, establishes the authority for benefit provisions. Changes to the law can only occur through an act of the Florida Legislature. The State of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the plans. That report is available from the Florida Department of Management Services' website (www.dms.myflorida.com).

NOTE 8. STATE OF FLORIDA RETIREMENT PLANS (Continued)

The Florida Retirement System (FRS) Pension Plan is a cost-sharing multiple-employer defined benefit pension plan with a Deferred Retirement Option Program ("DROP") available for eligible employees. The FRS was established with joint and survivor payment options. FRS membership is compulsory for employees filling regularly established positions in a state agency, county agency, state university, state college, or district school board, unless restricted from FRS membership under Sections 121.053 or 121.122, Florida Statutes, or allowed to participate in a defined contribution plan in lieu of FRS membership. Participation by cities, municipalities, special districts, charter schools and metropolitan planning organizations is optional.

The Retiree Health Insurance Subsidy (HIS) Program is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of eligible health insurance coverage, which can include Medicare.

Benefits Provided

Benefits under the FRS Pension Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement plan and/or class to which the member belonged when the service credit was earned.

Eligible retirees and beneficiaries receive a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes.

Contributions

The contribution requirements of plan members and the employer are established and may be amended by the Florida Legislature. Employees are required to contribute 3.00% of their salary to the FRS Pension Plan. The employer's contribution rates as of September 30, 2020, were as follows:

	FRS	HIS	
Regular class	10.00%	1.66%	-
Special risk class	24.45%	1.66%	
Senior management service class	27.29%	1.66%	
Elected officials	49.18%	1.66%	
DROP from FRS	16.98%	1.66%	

The employer's contributions (benefits) for the year ended September 30, 2020, were \$664,724 to the FRS Pension Plan and \$(540) to this HIS Program.

Pension Liabilities and Pension Expense

In its financial statements for the year ended September 30, 2020, the District reported a liability for its proportionate share of the net pension liability of the FRS Pension Plan and its proportionate share of the net pension liability of the HIS Program. The net pension liabilities were measured as of June 30, 2020. The District's proportions of the net pension liabilities were based on its share of contributions to the pension plans relative to the contributions of all participating entities, actuarially determined.

Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Deferred outflows of resources related to employer contributions paid subsequent to the measurement date, and prior to the employer's fiscal year-end will be recognized as a reduction of the net pension liability in the reporting period ending September 30, 2021. Other pension-related amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal year ending September 30:	FRS	HIS
2021	\$ 301,546	\$ 1,837
2022	479,348	3,282
2023	405,241	(665)

Thereafter		 4,429
	\$ 1,458,744	\$ 22,488

Actuarial Assumptions

The total pension liability for each of the defined benefit plans was measured as of June 30, 2020. The total pension liability for the FRS Pension Plan was determined by an actuarial valuation dated July 1, 2020. The individual entry age normal actuarial cost method was used for each plan, along with the following significant actuarial assumptions:

	FRS	HIS
Inflation	2.40%	2.40%
Salary increases	3.25%	3.25%
Investment rate of return	6.80%	N/A
Discount rate	6.80%	2.21%

Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB.

For both plans, the actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The following changes in key actuarial assumptions occurred in 2020:

FRS: The long-term expected rate of return and the discount rate used to determine the total pension liability decreased from 6.90% to 6.80%.

HIS: The municipal bond index rate and the discount rate used to determine the total pension liability decreased from 3.50% to 2.21%.

NOTES TO BASIC FINANCIAL STATEMENTS

Fiscal Year Ended September 30, 2020

NOTE 8. STATE OF FLORIDA RETIREMENT PLANS (Continued)

Actuarial Assumptions (Continued)

The long-term expected investment rate of return was not based on historical returns, but instead was based on a forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the consulting actuary's assumptions based on the long-term target asset allocation.

			Compound	
	Target	Annual	Annual	
	Allocation	Arithmetic	(Geometric)	Standard
Asset Class	(1)	Return	Return	Deviation
Cash	1.0%	2.2%	2.2%	1.2%
Fixed income	19.0%	3.0%	2.9%	3.5%
Global equity	54.2%	8.0%	6.7%	17.1%
Real estate (property)	10.3%	6.4%	5.8%	11.7%
Private equity	11.1%	10.8%	8.1%	25.7%
Strategic investments	4.4%	5.5%	5.3%	6.9%
Total	100.0%			
Assumed Inflation - Mean			2.4%	1.7%

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.80%. FRS's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis, a municipal bond rate of 2.21% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Pension Plans' Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the state's separately issued financial reports.

Defined Contribution Plan

Pursuant to Chapter 121, Florida Statutes, the Florida Legislature created the Florida Retirement Investment Plan ("FRS Investment Plan"), a defined contribution pension plan qualified under Section 401(a) of the Internal Revenue Code. The FRS Investment Plan is an alternative available to members of the Florida Retirement System in lieu of the defined benefit plan. There is a uniform contribution rate covering both the defined benefit and defined contribution plans, depending on membership class. The District made no FRS Investment Plan contributions for the fiscal year ended September 30, 2020.

NOTE 9. DEFICIT UNRESTRICTED NET POSITION

The District reported a deficit net position in its unrestricted classification on the Statement of Net Position. The deficit is attributed to the implementation of GASB No. 68 which substantially increased the net pension liability.

Report of Independent Auditor on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Commissioners Tice Fire Protection and Rescue Service District Fort Myers, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities of Tice Fire Protection and Rescue Service District, (the "District") as of and for the fiscal year ended September 30, 2020, and the related notes to the basic financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 23, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's basic financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Management Letter

Board of Commissioners Tice Fire Protection and Rescue Service District Fort Myers, Florida

Report on the Financial Statements

We have audited the financial statements of the Tice Fire Protection and Rescue Service District, (the "District") as of and for the fiscal year ended September 30, 2020, and have issued our report thereon dated June 23, 2021.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards; and Independent Accountant's Examination Report conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated June 23, 2021, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no recommendations made in the preceding audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The District discloses this information in the notes to the financial statements. The District had no component units as of September 30, 2020.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 219.39(3)(b), Florida Statues. In connection with our audit, we determined that there are no special district component units required to report to the District.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Tice Fire Protection and Rescue Service District, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Accountant's Examination Report

Board of Commissioners Tice Fire Protection and Rescue Service District Fort Myers, Florida

We have examined the Tice Fire Protection and Rescue Service District's (the "District") compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2020. Management is responsible for the District's compliance with the specified requirements. Our responsibility is to express an opinion on the District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the District's compliance with the specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2020.

The purpose of this report is to comply with the audit requirements of Sections 218.415, Florida Statutes and Rules of the Auditor General.
